

Our Vision

To be the leader in providing collaborative health and wellness.

Our Mission

We will inspire the health of our community by empowering self-determined care. We will strive to eliminate barriers to those with complex health conditions by providing system navigation so that everyONE has access to the care and services they need.

Our Strategic Opportunities

Strengthen Community Engagement	Maximize the Value and Function of New Building	Focus on Mental Health Services	Build Fund Development	Collaborate in Community Leadership
<ul style="list-style-type: none"> • Build our brand to be recognized as a leading health provider • Continue to build community awareness of the CHC • Continue to promote our unique model of care 	<ul style="list-style-type: none"> • Seize partnership opportunities to optimize usage of the new building • Increase efforts to promote the CHC as a community presence – a place to go for programs and services 	<ul style="list-style-type: none"> • Strengthen our collaborative approach to community mental health services • Focus on Senior mental health as a priority • Focus on Youth mental health as a priority 	<ul style="list-style-type: none"> • Identify new funding sources for programs and activities 	<ul style="list-style-type: none"> • Strengthen community partnerships that focus on navigation support • Initiate collaborative governance leadership: become the agent of change that fortifies our health partner alliance.

Our Values

Inclusive	Respectful	Equitable	Collaborative	Accessible
We actively seek ways to include and welcome members of our community to participate in meaningful ways.	Every ONE is a unique and valued member of the community and will therefore be treated with fairness and openness.	We recognize differences among people and treat people differently according to their needs in order to achieve equality of access.	We make the best use of our talents through teamwork, community partnerships, and other collaborative approaches.	We are committed to breaking down barriers to good health and well-being in our community.
